

Kenroy Kids Care

Hunter Clark is an 11 year old Kenroy alumni currently battling acute Leukemia, and is at Children's hospital undergoing treatment. We would like to help him and his family cover expenses by having a change drive. We will start Tuesday May 6th and end Tuesday May 13th. Do you have some spare change, maybe in a pocket, under a couch cushion, how about under the seat in the car? If each student brings 100 pennies we could raise \$385.00, if each student brings 8 quarters that would be \$770.00. It's that easy. How much can Kenroy raise when we work as a team? What can the grown ups do to help? Eastmont bowling alley is holding a silent auction all week. Detailed descriptions and values of each package are available in the restaurant and online at www.eastmontlanes.com You may bid in person or via phone. Let's help The Clark family, together we can show them,
Kenroy Kids Care!
