

Kenroy Writing Club

The 3rd and 4th graders in the Kenroy Writing Club have been working hard on several different projects since we started in February. First, the students completed a student newspaper and distributed it to 3rd and 4th grade students. Next, students worked on telling a story using pictures and a computer program called PhotoStory. Finally, these hard working kids have been working on a teleconference project called "Where in Washington." They created clues to describe the City of East Wenatchee and will be presenting those clues to students around Washington State during a teleconference. The clues will be presented in the form of a skit modeled after *American Idol*; the teleconference will take place on May 13th. During the teleconference, the Kenroy Writing Club will be listening to clues from other groups of students all over the state and then will be researching clues to figure out where each group is located. It is sure to be a fun learning experience!
