

# Specialist Challenges

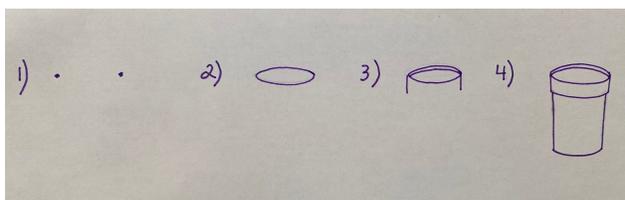

Week 9: June 1st-5th

**(The subject areas for Specialist Challenges will rotate weekly.)**

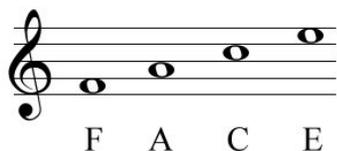

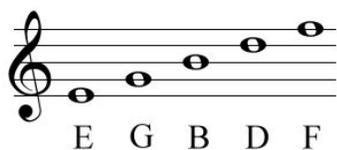

**Art-** Ms. Krause [krausel@eastmont206.org](mailto:krausel@eastmont206.org)

**“A New Kind of Ice Cream”**

An ice cream company is searching for suggestions on a new flavor of ice cream. Their goal is to have a new flavor of ice cream that kids your age would like. Your task is to decide on what flavor of ice cream that would be and create the label for the container. Follow the steps below to create your ice cream container and then design the label for it. Don't forget to include the company name (Such as Ben and Jerrys, but be creative with your own name!), the flavor/name of the ice cream, some sort of drawing to visually show the ice cream flavor, and make sure to use colors and designs that will catch people's attention in the store.

**Music-**

**Memorize the notes of the Treble Clef: “The staff has 5, it has 5 lines, EGBDF, EGBDF. Between each line there lies a space, F A C E it spells the words face!”**

Create flashcards for each line and space of the staff. When you think you have it down, go to <http://musictheoryfundamentals.com/Quiz/notesOnTrebleQuiz.php> to take a quiz. There are some challenging questions not in the visual. Take a stab at answering them and realize that as you go up the staff from space to line it follows the alphabetic pattern ABCDEFG. This pattern repeats over and over numerous times.

## PE-

### Leadership-

#### Library-

Your weekly challenge is to look up your favorite author and answer the following questions:

1. What inspired your author to become a writer?
2. Where did your author get their story ideas?
3. What is your author's favorite book that they have written?

If you do not have a favorite author, choose from one of the authors below.

1. Ronald Dahl
2. Judy Bloom
3. Rick Riordan
4. J.K. Rowling
5. Gary Paulsen
6. Mary Pope Osborne
