The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

- 1) The right to inspect and review the student’s education record within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- 2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- 3) The right to consent to disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interest. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board ; a person or company whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent of a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Upon request, the School disclosed education records without consent to officials of another school district in which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

- 4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Eastmont Public Schools to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW Washington, DC 20202-4605

## Admission/Withdrawal and Attendance Policies

All students need to register for school at the Eastmont School District office at 800 Eastmont Avenue.

**Kindergarten Requirements:** To enter the kindergarten a child must be five years of age on or before August 31. Birth certificates or hospital records and an immunization record must be presented before students may register. State education officials require a polio immunization series, a series for "DTP" (diphtheria, tetanus, and pertussis) or a DT variation, two immunizations against mumps, measles and rubella, and the series of three Hepatitis B immunizations for kindergarteners through fourth grade prior to school admission. The final immunizations for the polio and DTP series must have been administered on or after the child's fourth birthday. Kindergarteners are also required to have the varicella immunization or proof of having had the disease. Immunization records will be reviewed for compliance by School District nurses.

**Withdrawal:** The school appreciates notice of pupil withdrawal at least two days before the last day of attendance indicating:

1. The last day of attendance.
2. Approximate location to which you are moving.
3. If known, the new school your child will attend.

Upon enrollment of your child at a new school, the new school will request permanent records to be sent. With a reasonable notice, the teacher can prepare the progress report and obtain information for the transfer. Parents should stop in at the office to obtain a copy of their child's immunization records to present to the new school.

**Attendance Policy:** Attendance is essential to the success of all students. Students who miss critical instruction in key concepts quickly fall behind in school and are less likely to achieve academic success. Accordingly, school attendance is mandatory, and unexcused absences and truancy are prohibited. The state defines chronic absenteeism as 10% of days enrolled in school.

**It is required by state law that each absence from school be explained by a note or phone call from the parent or guardian.** Parents are required to contact the office as soon as possible each time their child is absent and include the students complete name, date and reason for the absence. If we do not hear from you, our receptionist will call you to verify the absence (required by the Becca Bill).

Parents who choose to have their children miss school for non-illness or non-emergency reasons should contact the school at least one week in advance of the absence to complete the pre-approved absence form. These absences may be considered unexcused if they cause a serious adverse effect on the

student's educational progress. Parents whose children incur more than two unexcused absences during any quarter will be asked to meet with the principal to develop a plan to improve attendance.

## School Safety

Student safety is one of the most important aspects of what we do at Eastmont.

### **Bikes, Skateboards, Scooters, and Shoes with Wheels**

3rd/4th grade students may ride bikes/scooters with helmets to/from school but are not allowed to ride them on school grounds or in the parking lot during school hours.

- We encourage children to lock their bicycles to the racks provided.
- Students may not ride skateboards to school and may not wear shoes with wheels.
- Bicycles and scooters on the sidewalks cause a real safety concern for parents, students and staff entering and leaving the buildings. Therefore, we require bikes and scooters to be walked when on school grounds.

### **Emergency Drills**

- Fire and other emergency drills are scheduled on a regular basis in accordance with state law.
- Earthquake drills, emergency evacuation drills and lockdown drills are also practiced regularly throughout the year.

### **Harassment, Intimidation, Bullying (Board Policy)**

The Eastmont School District is committed to a safe and civil school environment for all students, employees, volunteers and patrons, free from harassment, intimidation and bullying. "Harassment, intimidation or bullying" means any intentional written, verbal, or physical act, including, but not limited to one shown to be motivated by any characteristic in RCS 9A.36.080(3), (race, religion, ancestry, national origin, gender, sexual orientation or mental or physical disability), or other distinguishing characteristics, when the intentional written, verbal, or physical act:

- Physically harms a student or damages the student's property; or
- Has the effect of substantially interfering with a student's education; or
- Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
- Has the effect of substantially disrupting the orderly operation of the school.

Harassment, intimidation, or bullying can take many forms including: slurs, rumors, jokes, innuendos, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats, or other written, oral or physical actions. "Intentional acts" refers to the individual's choice to engage in the act rather than the ultimate impact of the action(s).

Board Policy 3207 is a component of the district's responsibility to create and maintain a safe, civil, respectful and inclusive learning community, and is to be implemented in conjunction with comprehensive training of staff and volunteers, including the education of students in partnership with families and the community.

Eastmont School Board Policy 3207 outlines the Informal and Formal Complaint process. Please notify the Principal of any acts of harassment, intimidation or bullying, and either the informal or formal complaint process will be explained to you. Action will be taken immediately to stop the undesired behavior.

## Transportation

### Parents and Guardians:

Please discuss these bus passenger rules and procedures with your child. Your child should appreciate the important part he/she plays in accomplishing SAFE and EFFICIENT district transportation.

Your child should understand that riding a school bus is a privilege conditioned on appropriate, safe, respectful behavior. Unruly conduct on the bus is a very real risk to the safe operation of a school bus.

Your cooperation in communicating this very important message would be most appreciated.

- 5th Offense: Suspension of bus privileges for ten days or more, depending upon nature of the offense. (If within 45 days)

The building administration will determine the extent of the suspension.

Note:

Serious offenses, such as fighting, flagrant displays of disrespect toward a driver, or possession of drugs or alcohol will result in immediate loss of bus privileges for a minimum of five (5) school days. Assault on a bus driver will result in indefinite suspension of bus riding privileges and possible criminal charges.

If a violation occurs more than 45 calendar days after a previous violation, the disciplinary action will be the same as for the previous offense. There may be some exceptions to these disciplinary actions in extraordinary circumstances, as determined by the Transportation Director and the appropriate school principal. If a student is suspended for misconduct on any bus, the suspension will apply to all buses.

### **BACKGROUND INFORMATION AND ADMINISTRATIVE CONSIDERATION**

Eastmont School District would like to enter into a promotional partnership agreement with GESA Credit Union. The District would receive a minimum of \$10,000 per year for granting GESA permission to use the "Wildcat" logo to promote debit and credit card opportunities in their organization. We have proposed that this donation be split as follows:

- \$7,000 to sponsor the Wenatchee Valley Winter Shootout Basketball Tournament. This event will help reduce away travel as well as increase revenue to ASB for event participation.
- \$3,000 to Eastmont High School to be used as the discretion of the Eastmont High School principal.

This agreement is for a 5 year term and can be renewed for an additional 5 years.

---

### **RECOMMENDATION**

The administration recommend the Board approve the partnership agreement with GESA Credit Union for five (5) years 2020-21 through 2024-25.

## RECOMMENDATION

The administration recommends the Board adopt Resolution No. 2020-04 Emergency Waiver of High School Graduation Credits as presented.

**RESOLUTION NO. 2020-04**

**A RESOLUTION FOR THE EMERGENCY WAIVER  
OF HIGH SCHOOL GRADUATION CREDITS**

**WHEREAS**, Chapter 28A.320 RCW authorizes local school boards to govern their respective districts, including adopting, revising, and suspending local board policies;

**WHEREAS**, Chapter 28A.230.090 authorizes the State Board of Education to set graduation requirements and authorizes local districts to decide whether a student has met the graduation requirements.

**WHEREAS**, the Eastmont School District Board of Directors (“Board”) has adopted Policy 2410 High School Graduation Requirements, which establishes that the Board will establish graduation requirements that at a minimum satisfy those established by the State Board of Education.

**WHEREAS**, the Board has adopted and, as appropriate, implemented Policy 2418 Waiver of High School Graduation Credits, which authorizes the Superintendent or designee to grant waivers of a maximum of two elective credits required for high school graduation based on an individual student’s circumstances.

**WHEREAS**, sections 10 through 12, chapter 7, Laws of 2020 (EHB 2965) authorized the State Board of Education to administer an emergency waiver program, which program is separate from and in addition to the waiver of two elective credits addressed in Policy 2418 Waiver of High School Credits, and expires on July 31, 2020. The purpose of the emergency waiver program is to grant local school districts with flexibility so that students in the graduating Class of 2020 or earlier who were on track to graduate before the gubernatorial declaration of emergency of February 29, 2020, are not negatively impacted by the response to the novel coronavirus (COVID-19). The emergency waiver may include both core credit graduation requirements and flexible credit graduation requirements.

**WHEREAS**, the Board wishes to ensure for any District students in the graduating Class of 2020 or earlier who were on track to graduate before the gubernatorial declaration of emergency and who would be negatively impacted by response to COVID-19, that the District comply with Chapter 180-111 WAC, which constitutes the State Board of Education’s emergency waiver program.

**NOW, THEREFORE BE IT RESOLVED**, that the Eastmont School District Board of Directors hereby authorizes the Superintendent or designee to implement an emergency waiver program consistent with WAC 180-111 as the Superintendent or designee determines appropriate. The District will demonstrate a good faith effort, as defined in WAC 180-111-020,

- DRAFT -

- DRAFT -

to help individual students meet credit-based graduation requirements through other options. The District will consult with the individual student, and make a reasonable effort to consult with a parent or guardian of the student, and will make a reasonable effort to provide information about this waiver in the preferred languages of the student, and of the parent or guardian of the student if applicable. This information includes what is being waived for the individual student, potential benefits and limitations that could result from receiving the waiver, including impacts on high school graduation and postsecondary plans, the option for the individual student to decline the waiver and for the student to be provided with the opportunity to earn the credits needed to complete graduation requirements through continued enrollment beyond the planned graduation date. The District will maintain a record of courses and requirements waived as part of the individual student record and will report to the State Board of Education.

**BE IT FURTHER RESOLVED** that the District will consider equity in administering the emergency waiver. This consideration will seek to identify and mitigate potential disparate impacts of the emergency waiver and determine if any changes to the District’s approach in administering the emergency waiver are needed before the conclusion of the 2019-20 school year.

**BE IT FURTHER RESOLVED** that execution of this Resolution is conclusive evidence of the Board’s approval of this action and of the authority granted herein. The Board warrants that it has, and at the time of this action had, full power and lawful authority to adopt this instrument. This resolution expires in tandem with WAC 180-111, which is July 31, 2020, and the force of the resolution sunsets on that day.

**ADOPTED** by the Board of Directors of Eastmont School District No. 206, Douglas County, Washington, at a regular meeting thereof, held on April 27, 2020, with the following Directors being present and voting thereon.

- DRAFT -

On or after September 1, 2021, any statewide equivalency course offered by the District or accessed at a skill center will be offered for academic credit.

The District may also adopt local course equivalencies for career and technical education courses that are not on the list of courses approved by OSPI under RCW 28A.700.070.

The high school will adopt core academic course equivalencies for high school career and technical courses, provided that the career and technical course has been reviewed and approved for equivalency credit by a district team appointed by the superintendent or a designee.

The District team will include a school administrator, the career and technical administrator, an instructor from the core academic subject area, an instructor from the appropriate career and technical course, a school counselor, and a representative from the curriculum department.

The superintendent or designee will adopt procedures to denote on the student's transcript that AP computer science qualifies as a math-based quantitative course for students who complete it in their senior year.

##### 2. Competency-based credits

The District may award academic credit for computer science to students based on student completion of a competency examination that is aligned with the state learning standards for computer science or mathematics and course equivalency requirements adopted by the office of the superintendent of public instruction (OSPI).

- DRAFT -

To receive competency-based credits for computer science, a student must take a competency examination that OSPI has found aligns with the state learning standards for computer science or mathematics and that aligns with course equivalency requirements adopted by OSPI. The number of credits awarded will be based on the student’s performance on the competency examination.

The competency examination must be offered in a proctored setting with appropriate technology. The District will approve the site(s) where the examination is offered, which could include individual schools, district buildings, community colleges, universities, education service districts, or other community settings. The District will award credit based on the highest examination score.

The District will receive official test results for each student who takes a competency examination. The District will provide a letter to the student with a copy of the test results and an indication of how many credits the student will be awarded. Credits awarded will be recorded on the student’s transcript with a grade of “Pass”.

In awarding academic credit for computer science, the District will follow the course equivalency approval procedure described above for career and technical courses.

3. Courses taken before attending high school

The District will award high school credit for computer science courses taken before attending high school if either of the following occurs:

- a. The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or
- b. The academic level of the course exceeds the requirements for seventh and eighth grade classes and course would qualify for high school credit because the course is similar or equivalent to a course offered at a high school in the District determined by the Board.

Students who have taken and successfully completed high school courses under the circumstances above will not be required to take an additional competency examination or perform any other additional assignment to receive credit.

---

The information contained in this report is for the fiscal beginning September 1, 2019 through March 31, 2020. A brief summary of each fund's operating revenue and expenditures is provided below (NOTE: AS THE COVID CLOSURE EVENT TOOK PLACE ON 3/18/2020, THE FISCAL EFFECTS OF ARE NOT REFLECTED IN THIS REPORT):

- General Fund:
  - Year to date revenues are \$733,334, or 2%, less than the prior year.
    - Property tax collections through this month are \$1.1 million less than what was received at the same time last year. This will increase with collections in calendar year 2020 because the legislative change will allow the District to collect the full voter approved amount.
    - Apportionment and state categorical funding continues to trend less than the prior year because the State Legislature adjusted the apportionment allocation schedule to shift 2% of our allocation to July 2020. We used to receive 59.5% of our allocation through February. The new schedule allocated 57.5% of funds through March.
  - Year to date expenditures are \$2.2 million or 5%, more than the previous year. The largest increase is in salaries and benefits, which are \$2 million more than the prior year. Employee compensation is 85% of year to date total expenditures.
  - Fund Balance: Fund balance at the beginning of this fiscal year was \$2.9 million more than estimated when the budget was developed.
    - We expect revenues to be slightly more than estimated as a result of better than expected student enrollment and expect expenditures to be 98% of budget.
    - We estimate that total year end fund balance will be approximately \$14.7 million, which is \$3.0 million more than projected for the 2019-2020 budget.
- Capital Projects Fund:
  - Year to Date revenues are \$190,907 more than anticipated due to higher than anticipated investment earnings.
  - Year to Date expenditures are comprised of \$510,900 for K-3 Class Size project, \$145,012 for Transportation Cooperative construction and \$750,580 for bond principal & interest payment.
- Transportation Vehicle Fund:
  - Year to date expenditures reflect payment for one propane bus and two transit buses

### RECOMMENDATION

The administration recommends the Board adopt the enclosed Policy 3224 Student Dress.

## STUDENT DRESS

The Eastmont School Board expects student dress and grooming to reflect high standards of personal conduct so that each student's appearance promotes a positive, safe, and healthy atmosphere within the school. Further, we hope to instill the understanding of, and adherence to, appropriate dress for a work environment as we prepare students for their future career. ~~The District supports students dressing in a manner that is consistent with their gender identity and/or gender expression within the constraints of this policy and procedure.~~

~~Students' choices in matters of dress should be made in consultation with their parents.~~

Student dress will be regulated when, in the judgement of school administrators, there is a reasonable expectation that:

- A. A health or safety hazard will be presented by the student's dress or appearance, including possible membership in a gang or hate groups;
- B. Damage to school property will result from the student's dress; or
- C. A material and substantial disruption of the educational process will result from the students' dress or appearance.

For the purpose of this policy, a material and substantial disruption of the educational process may be found to exist when a student's conduct is inconsistent with any part of the educational mission of the school district. Prohibited conduct includes the use of lewd, sexual, drug, tobacco or alcohol-related messages, and gang-related apparel.

Students and parents/guardians have the responsibility to be aware of this dress code and to conform to these requirements.

The uniforms of nationally recognized youth organizations, and clothing worn in observance of a student's religion, are not subject to this policy.

The superintendent will establish procedures providing guidance to students, parents and staff regarding appropriate student dress in school or while engaging in extracurricular activities. Such procedures will ensure that any student wearing, carrying, or displaying gang-related apparel, or exhibiting behavior or gestures which symbolize gang membership, or causing and/or participating in activities which intimidate or affect the attendance of another student will be asked, with notice to his or her parents, to make appropriate corrections and be subject to discipline if the corrections are not undertaken.
